Payroll Deduction Authorization:

I, _____

hereby authorize the Alvin Independent School District to deduct the total amount of the annual obligation as set by the appropriate Association governance bodies in _____ equal payments in order to pay my dues to the professional associations and organizations listed and for political action contributions indicated. The authorization will continue in effect for this school year and future years, including any increase that may occur, until I give written notice to the local by September 15 to revoke. I further authorize any unpaid annual balance to be deducted from my final check. DISCLAIMER: The TSTA Political Action Committee (TSTA-PAC) and National Education Association Fund for Children and Public Education collect voluntary contributions from Association members and use these contributions for political purposes, including, but not limited to, making contributions to and expenditures on behalf of friends of public education who are candidates for federal office. Contributions to TSTA-PAC and the NEA Fund for Children and Public Education are voluntary; making a contribution is neither a condition of employment nor membership in the Association, and members have the right to refuse to contribute without reprisal. Although the NEA Fund for Children and Public Education requests an annual contribution of \$15, this is only a suggestion. A member may contribute more or less, or nothing at all. Contributions are not tax deductible.

"I decline to contribute to TSTA-PAC and I understand this will not in any way affect my membership status or rights." _____ *Initial only needed*
