

Starting in January 2009, TSTA-Endorsed AIG Auto Insurance underwritten by subsidiaries of American International Group will change its name to **TSTA-Endorsed Auto Insurance** through **21st Century Insurance**.

We've changed our name to 21st Century Insurance to signal our commitment to being the kind of insurance company you need today. We want to ensure that your coverage and service keep pace with your ever-changing life – in the 21st century.

You will continue to receive the same great service, special rates, and free Roadside Assistance and Identity Theft Restoration Service at no additional cost.

If you are a policyholder, there's nothing you have to do. Your coverage is unaffected. The terms and conditions of your current auto insurance policy will stay the same. You will receive a formal communication announcing the name change later this month.

If you are not yet a policyholder, please watch for the new program package in early 2009 or call **1-800-903-5512** for more information.
